comply with California SB-969 regulations.

*250 Watt Equivalent

LDCO 863B Smart Garage Door Operator

Never Change a Light Bulb Again.

The quiet and smooth LDCO863B boasts the most advanced lighting features on the market. With 3 LED panels and a total of 4,100 lumens, the LDCO863B will never leave you in the dark.

Ultra Smooth and Quiet

Industry leading performance with variable speed operation, soft start/stop, and ultra quiet motor.

Integrated Battery Backup

Compliant with California state regulations.

Energy Efficient LED Lighting

Long life, dimmable LED light panels included.

Secure, Responsive Remote Control

Nice/Linear MegaCode remote controls operate over long range and employ high-security technology.

Easy Door Release

Release the operator's quick-disconnect trolley to open or close the garage door manually.

Self-Diagnostic System

The self-diagnostic system continually checks and confirms proper operation, and alerts users both audibly and flashing the lights. In the unlikely event of a problem, it pinpoints the trouble and alerts users by flashing the courtesy lights.

NEW! Nice G.O. Smart App

Advanced real-time monitoring and control of garage doors from any mobile device.* Assign custom access and permissions for up to 10 authorized users, and schedule door and light operation.

**Wi-Fi and internet connection required.*

LDCO 863B Includes

- One MTS3 3-Button MegaCode Remote
- Wi-Fi Multi-Function Wall Control Station
- Obstacle-sensing Safety Beams
